Oxford Road Community School Sport Premium Expenditure 2024-25

Total Amount Allocated 2024 -25: £17,790 **Total spend of PE and Sports Premium: £17,000**				
Total school spending on Continuous Professional Development: £3,300				
	Amount	Activity	Intent	Impact
External training courses	£300	On-line CPD courses	To develop the PE leader's skills and knowledge (both in PE and leadership in general)	CPD for the PE lead has begun to have an impact on the quality and effectiveness of PE provision across the school. They now have a clear understanding of specific curriculum improvements, how to promote more inclusive and engaging physical activity, and inspire both staff and pupils to value health and fitness. It is hoped that 2025-26 CPD will help to enable them to effectively mentor colleagues, coordinate extracurricular opportunities, and manage resources more strategically.
Internal learning and development	£3000	Year 5 play leaders including equipment	To develop and foster pupil leadership, peer-to-peer learning, and a positive play culture.	It has empowered pupils by building confidence, responsibility, and a sense of ownership over their learning, while peer-to-peer learning has strengthened communication, and collaboration between the older and younger children. We have an even better positive play culture which has enhanced social and emotional development, supported wellbeing, and encouraged inclusion and creativity.
Total school spending on Internal Activities: £12,200				
	Amount	Activity	Intent	Impact
Active travel	£200	Travel to Prospect for Y6 tournament	To provide opportunities for children to undertake competitive sport with other schools	This had an impact on our children's personal, social, and physical development. It helped to promote teamwork, discipline, and resilience. It encouraged them to strive for both individual and collective achievement as well as further build their confidence, sportsmanship, and the ability to handle both success and failure gracefully!

Equipment and resources	£11,500	Wall bar, playground equipment, P.E lesson equipment, sensory equipment, Forest schools	To further enhance the impact on the quality, variety, and inclusivity of physical education and sport within the school.	The new sport equipment has begun to allow for more engaging and effective lessons, supported the development of a wider range of pupil skills, and encouraged greater participation from all pupils, including those who may be less confident. It has also enabled the introduction of new games and activities,
Use of educational platforms and resources	£500	P.E planning	To have a positive impact on the planning, delivery, and assessment of PE across the school.	These resources have provided quality, structured lesson plans and videos that have supported teachers to deliver more consistent, engaging, and progressive PE lessons. PE survey also reflected greater staff confidence and subject knowledge, especially for non-specialists, again leading to improved teaching and learning outcomes.
Total school spending on external activities: £1,500				
	Amount	Activity	Intent	Impact
Inter-school sports competitions	£1,500	Competing with local schools in: Football, Cricket, Tag Rugby and Multi-skills	To provide opportunities for children to undertake competitive sport with other schools	As above; This had an impact on all our children's personal, social, and physical development (Y1 – Y6). It helped to promote teamwork, discipline, and resilience. It encouraged them to strive for both individual and collective achievement as well as further build their confidence, sportsmanship, and the ability to handle both success and failure gracefully!
